The Vicksburg Warren School District has always promptly responded to requests for information. It is only due to an unfortunate mechanical error that said requests were not received in the instant case. In the original appeal the SLD offered a successful transmission port as proof of the school district's receipt of the information. However, said report proves a waiver of the filing deadline may be granted upon a showing of good cause, that special circumstances warrant a waiver, and that a deviation would better serve the public interest than strict adherence to the general rule. See 47 C.F.R. §1.3; Northeast Cellular Telephone Co. v. NC, 897 F.2d 1164, 166 (D.C. Cir. 1990). Such circumstances certainly exist in this case.

I am enclosing the information that was inadvertently left out of the original form 471 application. I ask that you review this information along with the Vicksburg Warren School District's stated reason for not originally providing it. As the appeal states, the request for the information was lost during the facsimile transmission and was therefore not received. I ask that you not hold the school district responsible for this mechanical error. Essentially, I ask that you give the time limitation in which to submit the application and accept the now completed application in its entirety.

My firm represents the Vicksburg Warren School District. It has recently come to my attention that the Vicksburg Warren School District's application for E-RATB funds for the 11-2002 school year was denied for failure to submit necessary information. The Director of Information Management appealed the denial to the SLD and the rejection of the application was affirmed. I understand that the final appeal is currently pending in your office. I am hopeful that I will allow me to submit additional information on behalf of the Vicksburg Warren School District.

only that the transmission from the **SLD** was successful. The report does not prove that the school district's receipt of the transmission was successful. **The** lost transmission may be due to any number of factors including, but not limited to: electrical problems, equipment problems, and acts of God. All of these factors are extraordinary circumstances that could not **have** been foreseen by **the** school district.

The Vicksburg Warren School District relies heavily on E-RATE funds and the loss of them will deal a devastating blow. In school districts as poor as ~~the~~ ones here in Mississippi, **all** grant money and government funding is vitally necessary to the everyday operations of the schools. Our schools have made great strides **in** seeking funding for the sole purpose of acquiring the technology that is needed to give our students a chance in today's working world and remove them from *the* circle of poverty and welfare dependence that their families have previously **known**. The public interest is undoubtedly better served by **overlooking** strict adherence to the deadline requirements **and** by accepting the school district's completed application.

For these reasons, I **ask** that you accept ~~the~~ Vicksburg Warren School District's completed **Form 471** and grant them E-Rate funding for **the** 2000-2001 school year. Please call if you **have** any questions or need any additional information.

Sincerely,

Kathleen M. Fitzgerald
